MARL

RELIABLE TESTIMONIES for the

Carbonate of Lime to Crops

"I used your marl on my garden last summer and was surprised at the results. It was better than ordinary fertilizer and I would recommend it to other gardeners."

C. E. FISHER,
Lyndonville, Vt.

"I am glad to add my testimonial to those already published regarding the excellent results received from the use of marl products. I have already bought for next year."

W. P. DUCHAM,
Lyndonville, Vt.

"It is needless for us to say that we were entirely satisfied with the results obtained from the use of marl on our crops last summer. We have ordered four tons for use next season. You may refer anyone to us."

GEO. & L. R. YOUNG,
WEST GLOVER.

"I have tried your marl on my garden and lawn and am satisfied it is what I want."

J. W. REDMOND.

Y. M. I. Club.

The first of the winter series of informal "get-togethers" was held in the club rooms Friday evening, Dec. 1, when Congressman D. J. Foster gave a talk for club members and invited gentlemen friends. Mr. Foster's subject was "The New Internationalism" and dealt with the development of arbitration as the manner of settling international disputes. The speaker began with the treaty negotiated by John Jay and traced the development of arbitration up to the formation of the Hague Tribunal and the treaties now pending in Congress between our country and Great Britain and France. About seventy-five men were present and they gave the speaker their closest attention. After the "talk" refreshments were served and there was the usual social hour. Congressman Foster was entertained while in town at the home of Col. C. S. Emery. He left for Burlington Saturday morning.

Thanksgiving passed pleasantly for the greater number of our people. The business places in general suspended operations. Union Thanksgiving services were held at 10 a. m. in the Congregational church, the sermon being delivered by Rev. Mr. Rankin of the Baptist church. Thanksgiving cheer was provided for many of the less fortunate, through baskets provided by the schools and the various societies in town.

The Baptist Young People's union met in business and social session at the parsonage Thanksgiving evening. Harry Flanders was elected President and a vigorous social policy was outlined for the winter season. To avoid conflict with other social events the

executive committee announces that the second Wednesday of each month will be for the members of the society B. Y. P. U. social night. The social committee will be responsible for the program, the members will be responsible for carrying out said plans.

The basket ball game played Thursday evening between Newport High school and the Newbury boys was a cinch for Newport, score 58 to 10. The usual social and promenade was held after the game. Our boys have now won two games with ease but must not on this account become over confident, as no doubt they will be up against the real thing before long. The game with Colby at New London, N. H., has been canceled on account of the distance and consequent time and expense necessary for such trip. Other more convenient arrangements will be made.

Mrs. Mabel Storrs, who has been very ill for several months, died early Friday morning at the home of her father, Col. Z. M. Mansur, where, with her children, "Jack" and Sallie, she has lived since the death of her husband the late Carl R. Storrs. Mrs. Storrs, when in health was active socially and interested and participating in every good work as her strength permitted. She was beloved by all who knew her and will be sadly missed by all her acquaintances, whose sympathy must go out to the father and orphan children. Her funeral was held Sunday afternoon at the Methodist church and interment was in Pine Grove cemetery.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c.

Eleven Monarch Boiling Rig Orders

booked with True & Blanchard Co. within the past ten days as follows:

1 36inx10 feet	1 48inx12 feet
3 36inx12 "	3 48inx14 "
2 42inx12 "	1 60inx12 "

Besides 4000 buckets, 2500 covers; Tanks, Sugaring Off Rigs, etc., etc. These orders have been taken from sugar makers who know the real worth of the Monarch line.

There are hundreds of sugar makers within 15 miles of us who are using sugar rigs that are 25 years behind the times; rigs that are in a class with the old dash churn and the bull rake. Rigs that make poor sugar, waste a lot of time, use a lot of fuel and are an expense from every standpoint.

There are a few people using old style Monarchs who ought to get rid of them in exchange for one of the modern outfits. For any such we will allow on an exchange more than they are worth, that the owners may have the advantage of using an Improved Monarch.

Write at once telling us what you need for next season and receive by return mail one of our 1912 Calendars.

The Famous Rayo Lamp

The best part of the day is the evening, when the whole family is gathered together around the lamp.

The old days of the smoky fireplace and flickering candle are gone forever. In their place have come the convenient oil stove and the indispensable Rayo Lamp.

There are to-day, in the United States alone, more than 3,000,000 of these Rayo lamps, giving their clear, white light to more than 3,000,000 homes.

Other lamps cost more, but you cannot get a better light than the low-priced Rayo gives. It has become so popular we may almost call it "the official lamp of the American family."

The Rayo is made of solid brass, with handsome nickel finish—an ornament anywhere.

Ask your dealer for a Rayo lamp; or write for descriptive circular to any agency of the
